Instructions

1. Design your artwork on the “**PLACE ARTWORK HERE**” Layer
2. Extend your artwork to the inner and outer blue bleed line
3. Convert **ALL TEXT** to outlines
4. File formats can be .pdf .ai .tiff .jpg (high res) saved at 300dpi
5. Avoid using solid dark backgrounds or colours “ie black” as they don’t hold on the disc very well
6. Save your artwork twice - one with the **bleed & final trim lines** deleted and one with **bleed & final trim lines** kept
7. Send us a high resolution with the **bleed & final trim lines** deleted and a low resolution showing the **bleed & final trim lines**
